

Stats First Goodbar Breeding Contract

Standing at Flying E Performance Horses in Lugoff, SC

This contract is made and entered into this _____ day of _____, 20____, by and between _____, Agent or mare owner (herein after referred to Mare Owner) and **Lauren Hardy, dba Hardy Rose Horses** (herein after referred to as Stallion Owner). Mare owner agrees to breed the mare registered as _____ registration and association

_____ to the stallion **Stats First Goodbar** during the 2025 breeding season. Stallion 2025 fee is: **\$1,000**.

Season commencing February 1 2025, and ending on December 30 , 2025 The contract sets forth all rights and responsibilities of the individual parties.

1. Breeding Fees:

A. A non refundable booking fee of \$ **300** is due at the signing and acceptance of this contract to reserve a breeding to the above name stallion during the breeding season. Booking fee is apart of the stud fee and is NOT an additional fee.

B. Collection and Shipping fees: each collection and shipping is **\$350**. Payable to the stallion station/ collection location. Shipping can be done via FedEx or UPS.

Not all stallions are live cover, not all stallions ship

**On Farm Breedings: \$150 Handling fee plus Mare care. Fees are attached below.*

_____ check here if breeding is purchased during a special, if so, note special circumstances here:

c. If you purchase a breeding that was originally belonging to another client or mare and is transferred, there is a \$150 transfer fee to cover paperwork and processing fees due when the mare comes to the farm for service/ or before shipment. HRH needs to be made aware of any transfers, substitutions, or sales of breedings as mare may need to be approved before transfer. This does not apply to rebreeds of the same mare/stallion combo(the fee).

2. Collection and Processing Fees: are as follows \$350 per shipment for Fed Ex or UPS priority overnight delivery. Does not include shipments going to Canada. Same day shipping and Airport driving delivery (terminal to terminal) fees if you request same day shipment(available per case only). Frozen semen is to be discussed when necessary, as shipping and storage fees vary.

This is payable each time that you require a shipment, so please consider culturing your mare to make sure she is ready for insemination.

- We need at least a 24 hr notice to collect and ship unless we have semen on hand (TEXT is best, as early as possible as we do not collect every day)

Mares coming for Live Cover: There is an additional \$150 fee for handling of the mare for the breeding, the fee does **include** 1 round of sedation if necessary. If additional medications are required the fees will be discussed prior to anything given.

3. Mare owner requirements: a photocopy or picture/text copy of mares registration papers is required with the signing of this contract if applicable. The mare owner agrees that the mare offered for breeding shall be in sound breeding condition and free from infection or disease. If you cannot prove examination of clean culture before coming to the farm for live cover we may opt to have the mare examined at the farm before breeding. Per mare basis. *It is the mare owners' responsibility to have the mare DNA'd (if required) by the association they are registering the foal into, as well as transferring the mare into their name to register the resulting foal.

3A. Mares coming to the farm to breed will need to be vaccinated *at least* 60 days prior with 4-n-1 and Flu/Rhino killed vaccine as we have foals being born on a regular basis during breeding season. *A negative uterine culture is recommended but not required for maiden and open mares prior to breeding and can be done on site. A culture will be required if the mare A)aborted or did not carry a foal to term, or B)did not get in foal with multiple prior breeding attempts. This can be done by the mare owners' veterinarian, or at the Farm.

3B. Mares coming for Live Cover **must be cooperative and willing** to stand for breeding. If the mare is uncooperative or aggressive, HRH may ask to be allowed to give sedation medication. If mare is still uncooperative HRH has the right to refuse to breed the stallion for risk of injury. It is then recommended to do **on site insemination. Mare owner** will then be responsible any fees associated with their mare.

4. The Equitainer used to ship semen is the sole property of the collection facility. The mare owner is responsible for returning the container to the breeder at mare owners expense via mail within 5 days, it does not need to be sent overnight but does need to be sent with a tracking number with the mare owner's choice of mail carrier. There will be a \$50 fee charged on all containers not returned, or returned later then the allotted time. The address will be on the equitainer for returning shipment.

5. Semen Shipment Orders: *standard* shipping/collection days will be Monday, Wednesday, Friday and will need to have a *24 hour notice* for most requests and a **confirmation call/text on the day before semen is requested** to be able to collect the stallion the next morning and have ready to ship that day. However we **CAN breed on off days (Tuesday & Thursday)** with notice. We will also do on-farm AI breedings (which will save money on culture, ovulation timing, and breeding for accuracy. Mare pricing attached below.

6.Live Foal Guaranteed: stallion owner guarantees that a single live foal will result from the breeding privilege granted herein. The term live foal means that one foal resulting from the breeding stands alone, nurses and lives for seventy-two (72) hours. It is understood that if the mare proves barren, aborts her foal, or if the foal is stillborn, a return breeding will be guaranteed the following year only, providing proper notification is given. Proper notification shall be defined as: written certificate by a licensed veterinarian within 48 hours that the mare absorbed, aborted or produced a non viable foal.

Veterinarian verifies in writing that such abortion or death did not result from any act or omission on the part of the mare owner. Contact Lauren with Hardy Rose Horses with questions or for guidelines and preparations to guard the safety of the pregnancy through foaling, if desired.

- Extended Live Foal Guarantee: stallion owner will offer a LFG up to 2 years. – If the foal/yearling dies within 2 years of its birth, the stallion owner agrees to offer a rebreed, at no cost (other than collection & shipping/ mare care). **As long as stallion is still available for breeding or frozen is available to ship.**
- Proper notification must be given to prove death of said foal.

7. Multiple Foals: it is agreed by the stallion owner and mare owner that only one foal will be registered for each breeding that is secured with this contract and that the semen received will only be utilized on the mare named above. It is the intent of the stallion owner that only one mare per contract be inseminated with transported semen. When utilizing embryo recovery and transfer, should more than one embryo result from breeding, mare owner agrees to pay an additional stallion service fee to receive a breeding certificate for additional foals.

8. Substitutions: if the above mare dies or becomes unfit for service during the breeding season, the mare owner may substitute another mare that is agreed upon by the mare owner and the breeder at no additional charge. Other reasons for substitutions need to be discussed prior to substituting, if for any other reason.

9. Cancellation of Contract: if the above named stallion dies, is sold, or becomes unfit for service during the breeding season, this contract shall become null and void. The breeding can be transferred to another one of HRH stallions (if applicable) or a refund may be issued, depending on circumstances. If the stallion should be sold during the breeding season all booked breedings will still be fulfilled by either the stallion owner or the new owner.

10. Litigation: any litigation that may result from this contract must take place in Union County, NC only. Mare owner irrevocable and unconditionally submits to the personal and subject matter jurisdiction of NC. All objections and to venue are waived.

11. Waiver of Liability: neither Lauren Hardy, dba Hardy Rose Horses, nor their agents, employees, officers, directors, veterinarians, nor guests shall be held liable and shall be released and held harmless from any and all claims caused of auctions, expenses and damages of any nature resulting from or relating to any escape, accident, injury, sickness, disability, and/or death or mare and/or foal as well as any exercised of judgment by the released parties in connection with the custody and care of the mare and/or foal.

12.Liquidated damages: Should any dispute arise that is not otherwise governed or covered by a provision in this breeding contract, including but not limited to, a dispute alleging that breeder/stallion owner has breached this breeding contract, the parties hereby specifically agree that damages, expenses, costs, and fees, including attorneys fees for such dispute, whatever the nature of the dispute, shall be limited to the sum of \$1,000.

13.Contract: this contract represents the entire agreement between the parties, no other agreements or promises, verbal or implied, are include unless specifically stated in this written contract. Additional agreements must be individually initialed by the parties. What mare owner and breeder or stallion owner sign this contract, it will be binding on both parties, subject to the above terms and conditions. **Paypal or Venmo payments made for breedings to Hardy Rose Farms or Agent(s) of the farm also agree to the terms in this contract**

14. On-site breeding or Live Cover :
